Put some
history in
your future.

www.DeschutesHistory.org

For thousands of years, Deschutes County's beauty and resources have drawn people to the glistening Deschutes River; whether Native Americans travelling the seasonal round along many trade routes, fur trappers hunting otter and beaver, timber barons scouting the magnificent pine forests, or settlers seeking a place of their own.

Inside historic Reid School, the Des Chutes Historical Museum celebrates life in Deschutes County, at work and at play, in the shadow of the Cascades.
