Deschutes
Historical Museum

The photographic images offered by the Deschutes County Historical Society (DCHS) are a small selection of the DCHS complete collection. Not every image in the collection is available for reproduction.

It is important to note that original historic images come in a variety of proportions that do not readily conform to today's standard print sizes. You do have choices to adjust for this; either crop the image to fit the size you are requesting or find a size which will fit the full image. If the print size is larger than one of three standard sizes we offer: 5x7, 8x10, or 11x14, a consultation will be required.

PRINT SIZE (Standard)	PRICE PER PRINT
5x7	\$15.00
8x10	\$25.00
11x14	\$45.00

****STANDARD PRINT REPRODUCTION INCLUDES:**

1. **Black & White print**
2. **Luster protective coating applied to image.**
3. **2mm white Styrene backing**

Additional print sizes are available upon request.

Jpg Digitals Only	\$20.00 (300 dpi)
	\$35.00 (600 dpi)
	\$45.00 (800 dpi +)

Prints larger than 11x14 will incur an extra charge for the Styrene backing.

Prints are produced from a high-resolution scan on Kodak ENDURA professional photo paper with a fine grain pebble texture. The glossy or luster protective coating applied helps guard against scratching and other damage, enhancing the appearance of the print.

If you decide to use the reproduced image in a publication of any form you must obtain permission in advance from DCHS and pay an additional user fee per image. Reproduced images placed on public exhibition and/or used in a publication must be accompanied with a photo credit to the Deschutes County Historical Society.
